Carolina Center for Jewish Studies

SUPPORT *the* CAROLINA CENTER *for* JEWISH STUDIES

Dear Jermani,

This year has dramatically underlined the importance of our mission on campus: to promote a deeper understanding of Jewish history, culture and thought through teaching, research and outreach initiatives. The tragic events of October 7th in Israel, the unresolved fate of the hostages, the continued loss of life and the subsequent rise in antisemitism in the world are devastating to our campus community, alumni and friends. We are committed to creating a safe intellectual environment for all Carolina students to engage in productive conversations about current events and difficult issues.

Today, generous Center for Jewish Studies Advisory Board members will match all gifts to the Center dollar for dollar up to \$20,000!

Private support makes everything we do possible and your donation will allow us to develop even more robust programming for our community and enriching opportunities for our students and faculty.

All of us at the Center are extremely thankful for the alumni and friends whose generosity and unwavering support have enabled us to create and grow this thriving Center and important campus resource. **Please make your gift to Carolina Center for Jewish Studies today.**

With kind regards,

P. Rosenmeyer
